IMPORTANT .- CRANBERRIES A CURE FOR CANCER.-The Tuscaloosa (Ala.) Observer says: We have seen it stated more than once that the common cranberry was efficacious in the cure of cancer, but have never until very recently been an eye witness to the fact Mr. Middleton Belk, residing within four or five miles of this city, who was afflicted with a cancer on the nose for the last eight years, was induced to try cranberries, applied as a poultice, and to his great joy and satisfaction

has experienced a perfect and radical cure."

"DOE FACES,"-The New York Atlas says, the term "doughface" should be written "doe face," because John Randolph, who first uttered the stigma, meant to stigmatize a class of politicians who are like the doe, or female deer, which is frightened by seeing its own face reflected in a streamlet. So "old Roanoke" himself said, when appealed to after-

He knew when he commenced the manufacture of the Worm Lozenges, that they would superarde the use of every other vermifuge, as the Lozenge is very pleasant to the taste, speedy in its effects. As well as certain, and the quantity required to effect cure, is very small. These properties in connexion with the f-ct that they are sold for 25 cents per lox, thus placing them in the reach of the poorest man in the land, has not only caused them to take the place of every other vermifuge ever offered, but also rendered them popular to the community.

Philadelphia, 10 mc., 13th, 1846.
To T. B. Peterson,—Having been requested to give my opinion on the merits of M'ALLIS
TER'S SALVE, I am willing to enumerate some of the benefits which I have experienced in the use

of the article.

In the spring of 1845, I had an attack of Brysipelss in my face which became very painful, and extended into one of my eyes, being attended with fever, my distress was great and I began to be fear

ful of losing my eye.

Although not much of a believer in what i commonly called quack medicines. I purchased a box and made an application to my face. To my surprise the pain soon absted, and in a work's time surprise the pain soon absted, and in a work's time it was entirely cured, and I firmly believe that it was the salve, under Providence that cured me.

From that time to the present. I have used the article as occasion required, and in every case where I have used it, I have found a decided benefit.

At one time, on going to bed at night, my throat was an sore that I swallowed with difficulty, but by an application of the salve I was relieved tefore morning.

I have used it in case of burns, braises sprains. I have used it in case of burns, braises sprains, and firsh cuts, all with the happiret effects, and one case of poisoning by a wild vine in the woods, has been dried up and cuted by a few applications.

From my own experience, I would strongly recommend it to all, as a chesp, convenient, family

I have become an partial to it, that I expect to keep it constantly in my family.

TENI, VIDI, VICI.-Dr. ALLEN'S VEGE-TABLE COMPOUND, for the cure of DYSPEPSIA, LIVER COMPLAINT, NER-VOUS DEBILITY, BILIOUS AFFECTIONS, &c. This Medicine is offered to the public under the assurance that there is no article in existence the assurance that there is no article in existence having stronger claims to their consideration. Being compounded by a regular Graduate of J. fferson C.-llege, Philadelphia, and a practising physician of twenty years' standing in Philadelphia, his long experience has confirmed him in the opinion that a compound medicine was required to prevent and remedy the debilitation pr duced by residing in low, musmatic climates, and to counteract the pro trating influences of many nervous disorders with which the human family are afflicted.

DR. ALLEN is a well known physician, and has used the above medicine in his pressive for S. has used the above medicine in his practice for 8 years with the most a-tonishing effect, having tos-

red its qualities in above
PIVE THOUSAND CASES. No medicine ever received more flattering re-commendations from physicians of eminent stand-ing than has been bestowed on this.

DYSPESSIA OR INDIGESTION AND ITS CONSEQUENCES,—An eminent Professor says:—"It chiefly arises in persons who lead either a very sedentary or irregular life. Although not regarded as a fatal disease; yet if neglected or improperly treared, may bring on incurable Melancholy, Jaundice, Madness, or Vertige, Palsy and Apoplexy. A great singularity attendant on it is, that it may and often does continue a great length of time without any remission of the symptoms.

CAUSE .- Grief and uneariness of mind, intense study, profuse evacuations, excess in venery, excessive use of spirituous liquors, tos, tobarco, opium, and other nescotics, immoderate repletion, over distention of the stamach, a deficiency of the secretion of the bile or greene juice, exposure to cold and damp sir, are the chief causes of this dis-

R LE ROY'S Pills are a new medicinwhich has just appeared, and is fest taking
the places of all others of the same class. These pills are composed of many ingredients, but the two principal ones are Sarasparills and Wild Cherry, so united that they act together; the on-through its admixture with other sub-tates, purifying and purging, while the other is strengthering the system. Thus those pills are at the samitime tonic and opening; a deaderatum long and eagerly sought for by medical men, but never before discovered. In other words they do the work of two medicines, and do it much better than any two we know of; for they remove nothing from the system but the impurities; so that while they cause how the impurities; so that while they cause how cause no debilitation, and are followed by no re-action. Dr. Le Roy's pille have a wonderful influence on the isload; they not only purify without weakening it, but they remove all to 'tilous particles from the chyle before it is converted into fluid, and thus make impure blood an utter impossibility. As there is no before it is converted into fluid, and thus make impure blood an utter impossibility. As there is no debilitation, so there is no assess or sickness standing the operations of this most excellent of medicines, which never strains or tortures the digrestive functions, but causes them to work in a perfectly natural manner; and hence persons taking them do not become pale and emaciated, but the contrary; for while it is the property of the Sarsspardis, united as it is with other ingredients, to remove all that is foreign and impure, it is equally the property of the Wild Cherry to retain all that is natural and sound; and hence a robust state of health is the certain result of their united operations.
